

## Essex Senior County 1<sup>st</sup> Team Report 2017

My third year of managing a fabulous team,  
Full of laughs, great games, and in Essex speak, totally reem  
Tackling the league of Division one,  
Playing hard whilst having plenty of fun

Two new recruits joined the first Essex lot,  
Rosemary and John were hot to trot  
Both winning some games and getting points on the sheet,  
They both stepped up and showed they could compete.

Seeing Leicester win the premiership showed anything was possible,  
Two 6-5 matches and left the team standing tall,  
The second weekend gave some tough and testing games,  
But left us mid table with 3<sup>rd</sup> position in our aim

You thought Brexit was big, and an important decision,  
Well that doesn't even compare to the last weekend team revision  
With some players missing, we needed additions to the gang,  
Along came two super subs, Eddie Chow and Jonathan Tang

The final weekend was led by the girls,  
Games won, points scored, with fancy footwork and twirls,  
The boys played their socks off, and gave me no reasons to tut,  
If these were the performances to go by, the funding would never have been cut!

Another safe fourth place finish gives confidence for all,  
With room for growth next season, following changes to the French league rule,  
We will aim for the win, getting over the fourth place hump,  
And be the 2018 shocker winner, the UK version of Donald Trump

So for all the team, old and new,  
Thanks for another great season, there have now been quite a few,  
It's a pleasure as always to be the captain of a great bunch,  
A team where everyone keeps a smile on their face, when it comes to the crunch.
